

**OREGON MUTUAL INSURANCE COMPANY
INCIDENTAL FARMING – RELATED PRIVATE FARM STRUCTURES**

H049 (6-95)

Coverage B - Related Private Structures on the Premises is amended by the following:

Related Private Structures Coverage includes farm barns, buildings, and structures on the **insured premises** which are not attached to the **residence**, in addition to fences, driveways, sidewalks, and other permanently installed outdoor yard fixtures.

Exclusions That Apply to Related Private Structures on the Premises. The following additional exclusion applies to property coverages:

Loss to a building caused by fire from a brooder, heating stove, or portable heating device (other than electric light bulbs) used for poultry or for the heating of a structure unless such heating device is described.

Covered Related Private Farm Structures

We cover only the following related private farm structures on the insured premises for the **limit** stated for each structure in the following schedule.

This is specific insurance that applies to each structure. This insurance does not apply to or increase the Coverage B **limit** stated in the Declarations.
